

IT'S TIME TO **UPDATE** YOUR FIRST AID KITS

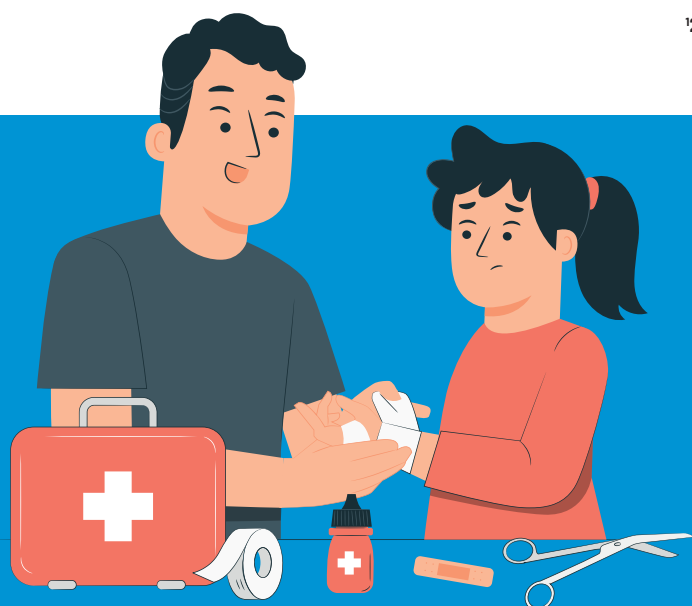

**Every 7 seconds,
a worker is injured
on the job.¹**

IS YOUR FIRST AID KIT UP TO DATE?

Workplace First Aid Kits should be updated to conform to the new ANSI/ISEA Z308.1-2021 by October 15, 2022.

¹2019. National Safety Council. Workplace Injuries by the Numbers. nsc.org

KEY AREAS AND ITEMS TO BE ADDRESSED TO ENSURE YOUR FIRST AID KITS COMPLY

Conduct a workplace hazard assessment
to determine new required and recommended supplies

Confirm quantity and location of first aid kits
based on your unique work environment

Review suggestions for providing over-the-counter medication
to address common symptoms

Consider bleeding control kits
to immediately treat victims with life-threatening external bleeding

Determine schedule for maintaining first aid kits
to ensure completeness and condition of supplies
